Information Migration

The information in this document represents a digital copy of the original Oak Ridge Cemetery burial records. The spread sheet was maintained from 1962 until 2015 what a new computer system was created to manage the burials. That computer system has gone through several revisions and is in place today.

The new system includes much more information:

- Burial Date
- Burial Location (section, lot and grave)
- Cause of Death (if reported)
- Cemetery Name

- Digital obituary (if available)
- Gender
- Grave Marker (Yes/No)
- Grave Marker condition
- Grave Marker inscription

It should be noted that the original information did not contain all this information, much research was done to obtain and verify the new information.
